THE IDEAL SPOT FOR
BUSINESS AND EVENTS.

IN THE VERY HEART OF THE COSTA BRAVA

Hostal Empúries has one of the best views of the Mediterranean Sea. Located in Portitxol's beach (a beautiful cove in L'Escala, a small town in Girona), this is where different cultures and civilizations meet, considering that the Empúries ruins right next to the hotel used to be the entrance passage to the Iberian Peninsula for the ancient Greeks and Romans. It is a historical enclave surrounded by great biodiversity.

POPULAR FOR SUSTAINABLE TOURISM

The ecosystem that surrounds Hostal Empúries is one of its main distinctions. In 2010, Hostal Empúries was the first hotel to be recognized with the most exhaustive ecological certificate: the LEED (Leadership in Energy and Environmental Design). This certification is the result of a model with sustainable tourism, adopting the most important aspects of circular economy.

ROOMS WITH SEA-VIBES

The main characteristic of Hostal Empúries' 55 rooms is that the decoration is perfectly synchronized with the hotel's geography and history. The rooms located in the historical building offer spectacular views of the sea and the hotel's orchard, while all 20 superior rooms located in front of the spa garden feature private terraces. Last but not least, the suite has astonishing unique views.

GASTRONOMY & WELLNESS

The gastronomy in Hostal Empúries is based on local products, the sea, the land, and our ecological orchard. Restaurant Bistró del Mar offers traditional dishes with good quality. Meanwhile, Restaurant Villa Teresita is the gastronomic restaurant. Our terraces with views to the sea are also a great choice for having your dinner, whilst the chiringuito can be the perfect spot for having a drink and enjoying live music.

For those who want to relax their body and mind, our spa offers a variety of corporal treatments, such as water zones, cosmetic services and activities like yoga.

At Hostal Empúries you will find an inspiring environment ideal for your workdays, which will help you maximize your team's sense of belonging, as well as enjoying an unforgettable experience that goes beyond your 'work life'.

Hostal Empúries is an example of success, a pioneer in sustainability and circular economy within tourism, which collaborates in the development of various social and environmental campaigns. Proof of this is that it was the first hotel in Europe to obtain the L.E.E.D. certification, becoming a model to follow.

For this reason, we are at your disposal if you are interested in knowing more about our practices and the benefits that they provide us.

Hostal Empúries (1907) has been a role model for tourism in the Costa Brava, located next to the first Roman settlement on the Iberian Peninsula, on the shore of Platja Portitxol and the only Greco-Roman site in the entire peninsula, so we can organize a guided tour.

Do not hesitate to contact us to help you organize and facilitate any aspect of your event, such as transfers or any other request.

Come visit, you will see that there is much more than what can be seen.
